

Message from the Principal

## Message from the CMP In-charge

It gives me immense pleasure to release the newsletter of Kendriya Vidvalava Kishwar. This newsletter reflects the activities and achievements of all the primary students giving them the much needed encouragement to scale greater heights. It also gives an opportunity for the teachers to share their experiences and improve upon them for the benefit of the students. I congratulate all teachers for their commendable work and team for bringing out this newsletter.

**Mr. Kewal Singh Principal** 

Under the able guidance of our honorable principal Sir, I feel glad to present the newsletter which is the channel to bring out the hidden and creative talents of the blooming buds. It also encourages the students to reflect their creativity. The main objective of education is the allround development of personality of the students. This newsletter also provides glimpses of activities of the current session under CMP. Through this platform we have small steps which will combine to make them a better citizen and they will become useful to society and world at large.
